

Assistant / Associate Professor - Academic Gastroenterologist: Advanced HBP Therapeutic Endoscopist

The Department of Medicine, Temerty Faculty of Medicine at the University of Toronto and the Division of Gastroenterology and Hepatology of the University Health Network (UHN) and Sinai Health (SH) is seeking to recruit a permanent, full-time Clinician Teacher (CT), Clinician Educator (CE), Clinician Investigator (CI) or Clinician in Quality & Innovation (CQI) in Gastroenterology with advanced training in hepatobiliary and pancreatic (HBP) therapeutic endoscopy. Candidates must be eligible for a full-time clinical academic appointment at the rank of Assistant, Associate or full Professor at the University of Toronto and hold MD and FRCPC qualifications or equivalent, be eligible for certification by the Royal College of Physicians and Surgeons of Canada in Gastroenterology and have, or be eligible for licensure in Ontario.

The successful candidate must have advanced clinical training in HBP therapeutic endoscopy including ERCP and EUS, and clinical experience in a tertiary care center with liver transplant and hepatobiliary cancers. The successful candidate will share 20 hours of ERCP time with another HBP therapeutic endoscopist, with additional half-day of EUS and half-day of GI Endoscopy. The desirable academic qualities of the successful candidate would include an appropriate graduate degree (MSc, MEd, or equivalent), fellowship training, relevant grants, and publications related to the academic role. In addition, a proven track record of excellent teaching abilities is required.

Depending on the academic rank, qualifications and experience, your expected take-home gross income will be approximately in the range of \$450,000-650,000, taking into account of your clinical productivity and expenses. However, your total income is not guaranteed, and is based, in substantive part, on the performance of expected clinical work as well as the current reimbursement rates for physicians from the Ontario Health Insurance Plan (OHIP) and the Ministry of Health.

The Division of Gastroenterology and Hepatology of the UHN and SH is a group of 33 luminal gastroenterologists and hepatologists. The Division has active clinical and academic programs in many areas of gastroenterology and hepatology including IBD, nutrition, pancreatic cancer, neurogastroenterology and motility, viral hepatitis,

cholestatic and autoimmune liver diseases, fatty liver, portal hypertension, hepatocellular carcinoma and liver transplantation.

SH is a health care organization comprised of Mount Sinai Hospital, Bridgepoint Active Healthcare and Circle of Care as an affiliate, extending SH's continuum of care into home and community programs. The SH vision is to create a premier exemplar of an integrated health system for the future. The UHN includes Toronto General, Toronto Western, Princess Margaret and Toronto Rehab Hospitals, as well as the Michener Institute. UHN is a Canada's leading research academic hospital. Building on the strengths and reputation of each of its programs, UHN brings together the talent and resources needed to achieve global impact and provide exemplary patient care, research and education.

Applications will be accepted until March 15, 2023, or until the position is filled. The anticipated start date will be on July 1, 2023 or to be mutually agreed upon. Should you be interested in this opportunity, please forward a letter of interest (LOI) and up-to-date curriculum vitae, and the names and contact information of three referees to:

Ms. Jin Ren (Jin.Ren@uhn.ca) Administrative Assistant, AND
Dr. Louis Liu (Louis.Liu@uhn.ca) Division Head of Gastroenterology and Hepatology, UHN and SH

For more information about the Department of Medicine please visit our website at <https://deptmedicine.utoronto.ca>

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Diversity Statement

The University of Toronto embraces Diversity and is building a culture of belonging that increases our capacity to effectively address and serve the interests of our global community. We strongly encourage applications from Indigenous Peoples, Black and racialized persons, women, persons with disabilities, and people of diverse sexual and gender identities. We value applicants who have demonstrated a commitment to equity, diversity and inclusion and recognize that diverse perspectives, experiences, and expertise are essential to strengthening our academic mission.

Accessibility Statement

The University strives to be an equitable and inclusive community, and proactively seeks to increase diversity among its community members. Our values regarding equity and diversity are linked with our unwavering commitment to excellence in the pursuit of our academic mission.

The University is committed to the principles of the Accessibility for Ontarians with Disabilities Act (AODA). As such, we strive to make our recruitment, assessment and selection processes as accessible as possible and provide accommodations as required for applicants with disabilities.
