Description of the Offered Position:	One-year Clinical Hepatology Fellowship at The Ottawa Hospital / University of Ottawa.
Private Practice Position:	No
University Based Position:	Yes
Location of Position:	The Ottawa Hospital / University of Ottawa, Ottawa, ON, Canada
Starting Date:	July 1, 2020
Additional Information:	<p>The division of Gastroenterology at The Ottawa Hospital / University of Ottawa is pleased to offer a one-year Clinical Hepatology Fellowship.</p> <p>The fellowship is focused on consultancy expertise in management and care of patients with common as well as complex liver diseases. There are ample opportunities for active</p>

involvement in clinical research and medical education. Our passionate and collaborative team is devoted in providing an excellent learning and mentoring environment. Our vision is to form strong clinician hepatologists who will become leaders, in both academic and community centers.

For more details and application information, please visit <https://ottawadom.ca/for-trainees/> under Fellowship Program (PGY 6+), Gastroenterology - Hepatology Fellowship.

Eligible candidates must have completed their training in adult gastroenterology prior to the start of the fellowship and must be eligible for medical licensure in the province of Ontario. Canadian candidates who have completed General Internal Medicine subspecialty residency will also be considered.

Letter of interest and updated curriculum vitae should be sent to xixiong@toh.ca.
