Description of the Offered Position:	<p>This is a fantastic opportunity for an adult gastroenterologist to discover the rewards and career satisfaction working at the Oakville Endoscopy Centre (OEC) located in Oakville, ON.</p> <p>This position is for a full time, FRCPC trained (completed or pending examination) out of hospital based full community gastroenterology practice.</p> <p>The successful candidate will have a turnkey full-time gastroenterology only practice with no on call requirements for internal medicine or gastroenterology. A fully trained, full-time GI administrative assistant is provided as well as individual office space as part of >10,000 square foot modern office and endoscopy space. The position includes 1.5 days of endoscopy time per week with room for expansion. Opportunities to be part of residency training and research are available.</p>
Private Practice Position:	Yes
University Based Position:	

Location of Position:	Oakville Endoscopy Centre, Oakville Ontario
Starting Date:	ASAP
Additional Information:	<p>The OEC serves a population of >550,000 in Halton. Our group of 7 full time gastroenterologists and 3 part time associated academic gastroenterologists provide a full-service community-based gastroenterology practice.</p> <p>Oakville is a vibrant, growing community with wonderful schools, community centers, and greenspace. Oakville is a desirable location for family life and just minutes away from the city life of Toronto.</p> <p>The OEC gastroenterologists are a combination of those with in hospital and out of hospital practices. Both in an academic and community environment. The group offers full access to in hospital to advanced endoscopy including ERCP, EUS, Spyglass endoscopy, pancreatic pseudocyst drainage, endoscopic Zenker's diverticulotomy etc. Oakville has easy access to all major subspecialties at our new state of the art hospital and nearby tertiary care services in Hamilton and Toronto. This is a fee for service position with a reasonable fixed percentage of billings as overhead costs shared equally by all in the group.</p> <p>Candidates should have Ontario medical license, FRCP(C), and unrestricted and active medical license in another Canadian jurisdiction</p>
